## Supplemental Insurance to Protect Your Loved Ones

Nazarene Benefits USA provides complimentary levels of survivor benefits and disability insurance to eligible ministers whose churches contribute to the NBUSA Fund. At the same time, we recognize that this basic coverage may not be enough.

The death or disability of a minister or spouse can create a financial catastrophe for a parsonage family—and their church. That’s why we make available affordable group term life and disability coverage to help provide financial stability in case the unexpected happens.

The good news is, the younger you are, the better your rates. And, as you grow older, and your children “leave the nest,” your need for significant amounts of life insurance diminishes.

We encourage you to review this guide and consider the options available to you and your family.

# Supplemental Group Term Life Insurance

Supplemental group term life insurance builds no cash value, but it offers coverage for growing families at reasonable rates. For example, a qualified minister or church-employed layperson (age 30 to 34) may receive a maximum of \$500,000 in coverage for as little as \$528 annually.

Additionally, a spouse may apply for a maximum of \$125,000, not to exceed the primary individual's coverage. Coverage must be purchased in increments of \$10,000 (minister) and \$5,000 (spouse). Also, dependent children\* are covered at no cost, with 50% of the benefit purchased for the spouse (not to exceed \$20,000).

The good news with this policy is that if you are within 90 days of a "life event," such as marriage, birth or adoption of a child, ordination, receipt of first district license, or first full-time/full-livelihood employment by a qualified employer, you do not have to show evidence of insurability. There are, however, age and amount limitations (see below).

Use this code to access forms and documents for our supplemental insurance plans.

## Please note:

If you are applying more than 90 days after the start of your eligibility, such as a life event, you must provide evidence of insurability and be approved by the insurance company before your coverage becomes effective.

\*Children (including stepchildren, legally adopted and foster children) are eligible if unmarried, dependent, and between the ages of 15 days and 19 years. Newly born children are automatically covered upon reaching 15 days of age. Children who are full-time students and dependent upon the insured member for at least one-half support remain eligible to age 23.

# Important Features and Limitations to the Supplemental Life Insurance Plan

**Life Event Guaranteed Issue Amount:** If you are younger than age 60, you may apply for insurance or increase your coverage, not to exceed \$250,000 (\$125,000 on your spouse) within 90 days of the following life events:

Your Marriage

The Birth or Adoption of a Child

Your First District Ministerial License

Your Ordination

Your First Full-Time/Full-Livelihood Employment by a Qualified Employer

**Evidence of Good Health:** You will need to complete an Evidence of Insurability (EOI) Statement for review and approval by The Hartford's underwriters in the following situations:

- If you do not enroll during an enrollment period or within 90 days of life event eligibility, or
- If you enroll for an amount above the guaranteed issue amount

# Annual Premiums

Group term life insurance is most affordable for younger employees since rates increase and coverage maximums diminish as the insured get older.

The following chart illustrates how rates are affected by age.

**Conversion:** If you terminate employment, are no longer eligible for coverage, or your coverage reduces due to age, you have the opportunity to purchase an individual conversion life insurance policy within 31 days of your termination of coverage.

**Premium Waiver:** If you cease work due to a permanent and total disability before reaching age 65, your life insurance may be extended, at no cost to you or your employer, once you have completed a six-month waiting period. If your claim is approved, your life insurance will continue until the earlier of 1) the date you recover or 2) the date you fail to show The Hartford proof of continued disability, otherwise it terminates at age 70.

# Individual Long-Term Disability

Few couples have enough savings to support themselves through situations where one is disabled by accident, injury, or illness. Long-term disability insurance allows eligible participants to choose from monthly payouts ranging from \$500 to \$1,500 a month. Also, benefit amounts are not affected by disability assistance that may be received from Social Security. A 30-year-old minister could receive a monthly benefit of \$1,500 for an annual cost of \$91.15.

\*See definition for full-time, full-livelihood on page 3.

As long as you remain disabled, LTD benefit payments will continue until:

- The calendar month when you reach normal retirement age, as determined by the 1983 Amended Social Security Normal Retirement Age; or
- If your disability starts on or after the date you reach age 60, the expiration of the number of months of disability, as figured from this schedule.

AGE WHEN PERIOD OF DISABILITY STARTS	MONTHS OF DISABILITY
60	60
61	48
62	42
63	36
64	30
65	24
66	21
67	18
68	15
69+	12

# Can I Get Individual Long-Term Disability Insurance if I have a Preexisting Condition?

If you were diagnosed, treated or received medical services within the six months immediately preceding your effective date of Long-Term Disability coverage (the “look-back period”), then you are **not** eligible to receive benefits if:

- The disability occurs within 12 months following the effective date of coverage, and
- The disability is caused by the same condition for which you were diagnosed, treated or received medical services in the look-back period (as defined above).

## Annual Premiums for Long-Term Disability Coverage\*

# Accidental Death and Dismemberment (ADD)

Life isn't always easy. Unexpected events happen. Accidental Death and Dismemberment insurance provides support after a death or serious accident to help your family with much-needed financial assistance. Covered events include accidental death, paralysis, third-degree burns, comas, and loss of speech, hearing, sight, or limbs.

A qualified minister or church-employed layperson may apply for coverage in increments of \$50,000, up to a maximum of \$200,000 (which costs only \$72 annually). Dependent coverage up to \$100,000 costs only \$48.

**Note:** The requirements for ADD eligibility are the same as those for Individual Long-Term Disability coverage (see page 6).
